# Gov-Enhance

## What is it?

Sport Ireland's Organisational Development & Change Unit are delighted to launch Gov-Enhance. This is our new sector specific Governance Support Programme. It brings together a range of existing and new support offerings in to one distinct programme, in support of our ongoing commitment to continuously build the Governance Capability in the sports sector.

## Who is it for?

Gov-Enhance is available to senior management and Board members in Sport Ireland funded bodies, who have a responsibility for building the Governance Capability within their organisation.

*"Sport Ireland remains committed to building the Governance Capability within the Sports Sector. To that end, I am pleased to launch "Gov-Enhance", a sector-specific programme which will build and improve on the range of governance supports we have provided over many years. Drawing together a range of existing and new service areas into one consolidated programme, "Gov-Enhance" will seek to provide meaningful support and assistance to our funded bodies in their ongoing work in improving governance standards. I encourage all organisations to engage with the programme, and I look forward to seeing you at one of the many future learning events we have planned in that regard."*

John Treacy, CEO Sport Ireland

## ▶ Programme elements include:

- **Role Specific Networks (Chairpersons, Secretaries etc.)**
  - Targeted networking events that enable peer to peer learning, support and knowledge sharing.
- **Seminars & Masterclasses**
  - A series of learning events led by governance experts across a range of subject areas.
- **Accredited/Certified Training Opportunities**
  - Access to training opportunities which can lead to certified awards for participants.
- **eLearning Resources**
  - Access to a range of eLearning platforms and content focused on enhancing governance knowledge, including support in fully adopting the Governance Code.
- **Advisory Services**
  - Access to free advice from industry experts in the area of Governance.
- **Bespoke Services**
  - Access to tailored training and other support services delivered on an in-house basis for organisations.

## ▶ How do I get involved?

Information on the programme activity and events will be circulated to the sector on a regular basis throughout the year.

## ▶ When will it commence?

The Programme will commence in Autumn 2020.  
A detailed schedule of activity will issue beforehand.

## ▶ Questions

Should you have any questions on the Programme, please contact Aoife Murray at [amurray@sportireland.ie](mailto:amurray@sportireland.ie)
