

SPÓRT ÉIREANN SPORT IRELAND

Breakdown of Dormant Accounts Funding:

Community Sports and Physical Activity Hubs

Dormant Accounts Funding will be allocated to establish and develop five new CSPAHs, with additional funding allocated to 26 existing hubs.

The objective of the CSPAHs is to bring local people together and provide a home for local clubs and sports organisations.

The Hubs provide information, support and advice on a wide range of sports and physical activities to make it easier for people in disadvantaged areas to get involved in and engage in a more active and healthier lifestyle.

Applications to establish and develop CSPAHs were sought from Local Sports Partnerships in a competitive bid process under three theme areas: Community Setting, Schools Based Setting and an Outdoor Setting.

Youth Leadership

This project involves the development and delivery of specialised Sports Leadership training for young people providing a stepping stone for learners into employment and also into further education or training. This programme will develop generic leadership skills that can be applied to a variety of sports and/or recreational situations as well as contributing to the personal development of the learner.

It will also assist to develop trained volunteers who can assist with the delivery of sport and recreation initiatives within their community. The initiative will provide training for young people, keeping them engaged, increasing their responsibility and developing their confidence and self-esteem and will provide an opportunity for lifelong volunteering. The programme has the potential to impact on both early school dropout in disadvantaged areas and dropout rates from sport within the targeted age group.

Volunteer Training & Support Programme

The volunteer supports initiative aims to successfully identify and assist targeted individuals who are volunteering in disadvantaged communities or with people with disabilities to gain community sport and physical activity leadership skills e.g. as coaches, leaders, referees, committee members etc. This fund will also be used to support Community Coaching programmes or to support standalone training opportunities to support targeted volunteers. This funding stream is only open to individuals operating in a volunteer capacity within disadvantaged communities or with people with disabilities. This project will contribute to the development of confidence amongst participants, and eventually in the community through the subsequent volunteer sport development work carried out by participants.

ASPIRE Graduate Programme Phase 2

Sport Ireland will fund a number of NGBs to directly employ a graduate on the scheme for a fixed term basis (11 months), following on from a qualifying criteria based application process. In addition, Sport Ireland would support the graduate scheme employees with mentoring, executive coaching and skills development training for the duration of the scheme, ensuring appropriate standards and quality of experience was provided for each employee and host NGB. It is anticipated that upon completion of the programme, each participant will have gained experience and skills development to ensure their likelihood of securing long term professional employment in the Irish sports sector is greatly increased.

Organisations participating in the ASPIRE Graduate Programme include: Badminton Ireland; Irish wheelchair Association; Tennis Ireland; Limerick LSP; Swim Ireland; Meath LSP; Rowing Ireland; Volleyball Ireland; and Triathlon Ireland.

Sports Inclusion Disability Programme Capital Supports

The Sports Inclusion Disability Programme Capital Supports initiative will provide capital support to the implementation of the national SIDP. The fund aims to reduce the barriers to

sports participation for people with a disability through the provision of equipment and minor infrastructure. The fund can be used to purchase a range of disability sports equipment and enabling infrastructure including hoists, hand rails, fittings, mats, wheel chairs etc. Applicants were tasked to identify equipment or infrastructure works which will increase participation in sport or physical activity for people with a disability in their county.

Outdoor Recreation Accessible Infrastructure Training

Under the 2016 Dormant Accounts programme a new guideline was produced by the Irish Wheelchair Association titled Great Outdoors A Guide for Accessibility. This new guideline provides for the first time in Ireland guidance on what is required to make outdoor recreation areas more accessible to people with disabilities. A second phase to this project is now proposed, which aims to increase awareness and promote this new guideline through promotional activities, workshops and training events. The target audience for this work would include staff involved in the provision and development of outdoor recreation amenities in Ireland

Physical Literacy & Fundamental Movement Skills interventions

The funding will support the implementation of participation programmes with a focus on disadvantaged communities through Physical Literacy & Fundamental Movement Skills interventions. The first phase of the development of this innovative Physical Literacy project, which once the Consensus Statement is produced, will be the first of its kind in Europe.

Physical literacy has been defined in the newly launched National Sports Policy 2018-2027 as “the motivation, confidence, physical competence, knowledge and understanding to value and take responsibility for maintaining purposeful physical pursuits/activities throughout the life course”. It embraces the notion of participation in sport and physical activity over the life course encompassing pre-school children, school-going children and adults of all ages.
