#BEACTIVE AWARDS 2018

About the #BeActive Awards

The #BeActive Awards competition is a central element of the annual European Week of Sport and has been created to support projects and individuals dedicated to the promotion of sport and physical activity across Europe. There are three award categories:

#BeActive Education Award

This award is intended to throw the spotlight on an educational setting that can demonstrate concrete ways in which it encouraged its kids to #BeActive in addition to the sport/physical activity classes in the standard curriculum. This could include extra sport activities, physically active class days out, after school activities, and other creative solutions to form an active education environment.

#BeActive Workplace Award

This award is intended to accolade a workplace that can demonstrate specific ways in which it has encouraged and helped its employees to #BeActive. This could include setting up a staff taskforce responsible for promoting physical activity, provision of showers for cycling/running commuters, standing meetings, lunchtime walks and other creative solutions to form an active working environment.

#BeActive Local Hero Award

This award honours an individual achievement to motivate others and act as a catalyst to #BeActive. The spirit of the award aims to recognising an individual who has worked consistently to promote participation in sport and/or physical activity in his or her local community.

Applications for each of these categories are to be submitted to the European Commission by National Coordinating Bodies or Partners of the European Week of Sport. Focusing on educational establishments and workplaces, as well as individuals in local communities, the awards competition contributes to the local and human dimension of the Week, while showcasing best-practice projects, and introducing inspiring individuals, to a Pan-European audience.
