## Swim Ireland

**1,000+**  
courses/webinars/CPD's/Clinics

**15,000**  
attendees on webinars

**22,000**  
views of #WePlay Online  
(Women in Sport Conference)

Just under  
**1,000**  
swimmers took part in 53  
Open Water Programmes

## Cycling Ireland

**~100,000**  
registrants for CI virtual events,  
training sessions and webinars  
in 2020

**1,900**  
people registered for the  
Cycling Ireland Zwift League,  
the largest sporting event  
during Lockdown 1 in  
March 2020  
(12-race league was live streamed  
on Cycling Ireland social media  
and generated 234,000 views)

## Athletics Ireland

**~9,000**  
attendees on webinars/  
online sessions/  
courses

Hosted 11 virtual events with  
**31,500+**  
participants plus 120  
corporate teams, 60 clubs,  
1029 schools, 180 clubs  
(Virtual Irish Runner series,  
Virtual Remembrance Run,  
Daily Mile at Home, Winter  
Cross Country Challenge)

## Basketball Ireland

**323**  
Participants in Basketball  
Ireland eSports  
Championship

**48**  
webinars

## Canoeing Ireland

SUP Safety for beginner  
paddlers (**120 participants**)

**1000+**  
people took part in the  
#BeActive Big Paddle for  
European Week of Sport

**12**  
clubs took part in the  
Club Development Pilot

## Irish Sailing

**17,800**  
people attended the Irish Sailing  
Awards on Facebook Live

**250**  
Irish registered competitors  
in the Irish Sailing eNational  
Championships

- 3** Race officials courses online
- 4** Inclusion training workshops
- 6** Sailability Zoom classes

## Ladies Gaelic Football Association

**42**  
games of TG4 Championships  
shown free to air

**2,000+**  
webinar attendees to 48  
sessions during first lockdown

Social media series  
focusing on physical  
health and mental health

## Rowing Ireland

**133**  
Webinars/events with a total  
of 14,635 participants

**700+**  
people took part in "Row  
with the Pros" initiative over  
February Midterm

# National Governing Bodies

## Impact of Covid-19 on the Sports Sector

---

2020 has been an extraordinarily difficult and challenging year for organised sport. Significant levels of National Governing Bodies (NGBs) activities including training, competition, coaching and mass participation events were scaled down, postponed or cancelled due to Covid-19. From March until May 2020, all organised sport ceased with sports only returning to phased activity from May onwards.

A key priority for Sport Ireland is the protection of the sports sector from any permanent financial or strategic harm to ensure it has the capacity to make a significant contribution to the public health of the nation in a post Covid era. Sport Ireland recognise that for the sports sector to recover quickly from the public health crisis, it is critical for NGBs to continue to retain the requisite staff and structures.

In November & December 2020, Sport Ireland distributed an unprecedented €70 million funding package across the Irish sport sector. The funding aimed to address the immediate threat to National Governing Bodies and their club networks, allowing sports organisations to off-set any significant losses incurred due to the pandemic.

## 2021 Funding Support

---

For 2021, Core funding has been maintained across the majority of performing NGBs and funded organisations. This funding, in addition to the 2020 Resilience Schemes, aims at providing stability and certainty to NGBs as they plan for the year ahead.

Sport Ireland has also secured an overall increase in funding through the Government of Ireland's 2021 Budget and will continue to engage with NGBs throughout the year to determine the additional, immediate and confirmed needs of the sector.

To date €13.3m has been allocated to 59 National Governing Bodies of Sport. This grant covers the implementation of strategic plans and participation programmes, coach development, the employment of professional staff and the administration costs of developing and delivering the sport.

In addition, Sport Ireland has also ring-fenced €541,000 to support development projects and events within identified NGBs.

## Funding Context Prior to Covid-19

---

The National Governing Bodies of Sport recognised by Sport Ireland are at the centre of Irish sport. Sport Ireland is committed to developing a strong and diverse NGB sector that delivers for the sporting community in Ireland. NGBs are key delivery agencies for Sport Ireland in the achievement of its strategic and operational goals.

A key focus of Sport Ireland is to assist NGBs to develop sustainable and effective structures to facilitate increased numbers of participants and volunteers in sport. Sport Ireland invests in NGBs in line with its strategic priorities. Investment is made with the specific aim of ensuring the long-term sustainability of NGBs.

Since the publication of the National Sports Policy 2018 – 2027, core funding to NGBs has grown from €10.8m in 2017 to €13.8m in 2021. This increased investment provides an opportunity for Sport Ireland to further strengthen the NGB sector to deliver on both Sport Ireland's strategic objectives and those identified in the governments sports policy.

Sport Ireland wishes to see a diverse range of sports available to the Irish public and continues to invest in a wide variety of NGBs. Increased levels of overall funding provides Sport Ireland with an opportunity to strengthen and enhance the volunteer led bodies. Sport Ireland remains committed in assisting NGBs to make the transition from volunteer led organisations to ones with professional staff. Over the last number of years Sport Ireland has identified a number of volunteer led sports that show the potential to make that transition. Sport Ireland will continue to identify and assist additional volunteer led sports over the coming years to further develop and expand.

# High Performance

Sport Ireland provides a cohesive funding model to facilitate the delivery of a world-class high performance system in Ireland. Support from Sport Ireland is directed to National Governing Bodies and includes High Performance Programme Funding, the International Carding Scheme, the Sport Ireland Institute, and a range of facilities at the Sport Ireland Campus.

## High Performance Funding

---

High Performance Programme Funding is provided to support a range of activities including training camps and competitions at junior and senior level, pathway development, performance services and performance team salaries.

For 2021, Sport Ireland has maintained High Performance Programme Funding to all National Governing Bodies. This has provided stability and clarity for the high performance system and allows National Governing Bodies to progress with plans for the year ahead. Sport Ireland will provide further support in 2021 to address the immediate and confirmed costs to high performance programmes in respect of the Olympic and Paralympic Games.

## Covid-19 Pandemic

---

The priority for Sport Ireland throughout the Covid-19 pandemic has been to protect the health and wellbeing of athletes and support personnel; and to ensure Irish athletes are not competitively disadvantaged in the build up to the Olympic and Paralympic Games.

Sport Ireland recognized its role in supporting the high performance community throughout the pandemic and provided a commitment of funding to athletes and National Governing Bodies for 2020. This commitment has now been extended to 2021 ensuring those who are targeting the Olympic and Paralympic Games are sufficiently supported.

## 2020 Performances

---

In 2020, during limited periods of competitions, 14 medals were achieved by sports in receipt of High Performance Programme funding. These medals were secured across Olympic and Paralympic sports including Cycling, Rowing, Taekwondo and Para-cycling. There were a number of other notable performances achieved at non championship events.

# Sport Ireland Local Sports Partnerships

The Sport Ireland investment in the network of 29 Local Sports Partnerships (LSPs) in 2021 will increase by 15%, to €9,551,309.

This increase in investment provides an opportunity for Sport Ireland to support a locally led safe return to sport. Sport Ireland will use the increased investments in 2021 to build the capacity of LSPs and to increase the reach and impact of LSP initiatives across Ireland. The 2021 investment strategy is informed by the goals of the Sport Ireland Strategy and the actions of the National Sports Policy and the National Physical Activity Plan which are now captured in the Sport Ireland Participation Plan.

Sport Ireland's strategy to increase investment in LSP programming will support both the return to safe in person opportunities as well as build on the virtual opportunities developed in 2021. LSPs are continuing to ensure that everyone in our society has the opportunity to share in the enjoyment as well as the mental and physical health benefits of sport and physical activity during these unprecedented times.

## Evaluation

---

In 2020 Sport Ireland completed evaluations of the LSP Community Sport Development Officers (CSDOs) programme, and the Community Sports and Physical Activity Hubs Phase 2&3. A number of other evaluations which commenced in 2020 are ongoing, including the evaluation of the Active Cities fund, the Innovation for Sports Inclusion fund, the Urban Outdoor Adventure Initiative fund, and the Women in Sport Leadership Course.

Sport Ireland continue to support Local Sports Partnerships and National Governing Bodies to collect systemic impact evaluation data for their participation programs. To date data has been collected for over 5,000 participants, and is being used to understand what works, for whom, under what conditions.

## Age & Opportunity - Go For Life programme

---

Sport Ireland funds the Age & Opportunity Active Go for Life sport and physical activity programme as part of its commitment to increase participation in recreational sport among older people. Go for Life aims to get older people more active and its objectives are closely aligned to the National Sports Policy as well as the National Physical Activity Plan, the National Positive Ageing Strategy and Healthy Ireland.

## Cara

---

Cara facilitates participation for people with a disability by promoting the Sport Inclusion Disability Charter. It also does this through coordinating the delivery of training and education workshops on the inclusion of people with disabilities in Sport and Physical Activity. Sport Ireland Policy on Participation in Sport by People with Disabilities designates CARA as the supporting organisation to assist with the implementation of Sport Ireland's policy commitments in relation to participation.

### 1 Women in Sport

€265,000 will be allocated for the Women in Sport programme. This fund will support sport and physical activity programmes aimed at increasing participation opportunities for women and girls of all ages in sport and physical activity, as well as supporting the LSP to work toward objectives from the Sport Ireland Women in Sport Policy such as providing coaching courses and increasing visibility of female role models in their local area.

### 2 Community Sports Development Officer

€729,400 will be allocated to support the Community Sports Development Officer (CSDO) positions across the 29 Local Sports Partnerships. These CSDOs continue to support the development of exciting and dynamic opportunities to increase participation for people who are sedentary and build capacity for smaller National Governing Bodies (NGBs) that do not currently have development officers to deliver services to increase participation. The CSDOs will also continue to develop sustainable local leadership for sport within communities.

### 3 Sports Inclusion Disability Officer

€945,000 will be allocated to support the Sports Inclusion Disability Officer (SIDO) positions across the 29 partnerships. These positions continue to support and increase opportunities for people with a disability to participate in sport and physical activity. This applies to both mainstream activities and specific clubs and sports for people with a disability.

### 4 Programme Funding

With increased investment in SIDOs and CSDOs across the network it is important to provide these positions with the support and resources required to develop and deliver innovative programmes and initiatives at a local level for the specific target groups they are tasked with activating. In 2020 Sport Ireland developed evidence based Community Sports Development Guidelines with specific chapters for each of the target groups identified in the National Sports Policy.

To implement these guidelines at a community level Sport Ireland will provide a 54% increase in programme funding to the LSP network, from

€868,510 in 2020 to €1,344,704 in 2021. Programme funding is at the core of the LSPs engagement with participants and allows for the delivery of a huge range of community, club and school based initiatives, programmes and events.

### 5 Club Development Grants

We anticipate an increased need for support from sports clubs and communities around the country as they return to sport in 2021 and attempt to recruit and activate their members, participants and volunteers. We have increased the club and community development fund by 100% to €840,000 so that LSPs will be in a position to provide these supports at a local level. By investing in the development and implementation of targeted programmes and leveraging the support provided to clubs to encourage them to engage with underrepresented groups, this funding will support the delivery of Actions 5, 6, 9, 14 and 28 of the National Sports Policy.

### 6 Building Awareness

This challenge of building awareness was also one of the major findings of the recent LSP Insights Report and the Community Sports Hub Evaluation Report. Sport Ireland will provide a €461,000 investment, distributed across the network of 29 LSPs proportionate to the county population, for the implementation of the guidelines to promote sports participation opportunities across their targeted communities. Increased visibility and awareness will increase recruitment of volunteers, local investment and most importantly reach to the most challenging target groups.

### 7 Additional human resources

As sport plans its recovery from the COVID 19 pandemic in 2021 there is now, more than ever, a need for increased capacity at a local level to effectively support the delivery of the National Sports Policy. Sport Ireland has ring-fenced funding of €1,295,000 for the employment of additional human resources in the LSP network. This additional funding should allow for LSP's to build long lasting capacity to continue to deliver on the National Sports Policy actions into the future. This funding will be allocated based on business cases submitted by each individual LSP.

## LSP Funding 2021

LSP	2021 Core (Staff & Operational Costs)	2021 Programme Funding	2021 Women in Sport
Carlow	200,464	27,700	10,000
Cavan	248,389	32,189	2,100
