**All criteria is based on Olympic / Paralympic disciplines only unless otherwise stated**

All criteria is based on Olympic / Paralympic disciplines only unless otherwise stated

<b>OLYMPIC SPORTS: ATHLETICS</b>	
<b>Category</b>	<b>International Carding Scheme Criteria for 2022</b>
Podium	Medal Olympic Games Medal World Championships Medal European Championships
World Class	Top 12 Olympic Games Top 12 World Championships Top 6 European Championships Top 6 World Indoor Championships Top 12 World Cross Country Top 6 World Race Walking Cup Medal European Indoor Championships Medal European Cross Country Medal European Race Walking Cup
International	Top 24 Olympic Games Top 24 World Championships Top 10 European Championships Top 10 World Race Walking Cup Top 16 World Cross Country Champs Top 6 European Indoor Championships Top 6 European Cross Country Top 6 European Race Walking Cup Medal at World University Games

**NOTES:**

\*Athletics Ireland has developed a performance standard matrix which details performance standards indicative of performance level required for an international, World Class or Podium Championship performance. Performances at major championships are primary criteria. In the absence of the championship performances as outlined in above table, Athletics Ireland' Performance Director can apply for funding for athletes that achieve the required performance standards which can considered on case by case by Sport Ireland's carding committee.

Podium Standard x 2  
World Class Standard x 2  
International standard x 2

Further details of the performance standards can be found on the Athletics Ireland website

<https://www.athleticsireland.ie/high-performance/carding>

Athletes to be considered for the Scheme must have signed an AI Athlete Agreement

All criteria is based on Olympic / Paralympic disciplines only unless otherwise stated

International	<ul style="list-style-type: none"> <li>• Qualification for last 16 in the World Championships</li> <li>• Qualification for last 16 in the Olympic Games</li> <li>• 5-8 at the European Championships</li> <li>• 5-8 at the European Games</li> <li>• Gold/Silver at 2 nominated multi-nations events in one year*</li> <li>• Silver/Bronze in the EU Championships**</li> </ul>

#### NOTES

- In all competitions athletes must have won at least two bouts to achieve criteria.
- Criteria applies to Olympic Weights only (male/female). This may include “pathway” to Olympic weights.
- Please note achieving criteria does not guarantee funding.
- Funding will only be provided to one athlete at each weight category. Consideration will be given to supporting additional athletes who achieve criteria on case by case basis.
- Performance Validation to be determined by NGB which is specific to each individual athlete and listed in the 2022/ 2023 Performance Plan.
- \*Nominated events must have a minimum of 16 nations competing and finalists must have won at least two bouts in both events. Selected events must be identified in the high performance competition plan and agreed by Sport Ireland.
- Men’s selected multi-nation events – To be Confirmed
- Women’s selected multi-nation events – To be Confirmed
- \*\*3 bouts required to secure criteria at EU Championships

All criteria is based on Olympic / Paralympic disciplines only unless otherwise stated

### **Section C**

#### **(Performance Progression & Daily Performance Environment Nomination Criteria)**

Athletes are subject to a 'Review & Approval' process by the National Performance Director prior to an application being made to Sport Ireland for the International Carding Scheme and subject to further Review & Approval processes each year/season by the National Performance Director and/or the Sport Ireland Carding Committee. The Sport Ireland International Carding Scheme for swimming only recognises identified and agreed summer benchmark international meets as those meets from which Section A and Section B of the Carding criteria can be considered – in advance of considering the criteria within Section C. Review & Approval processes will be undertaken within the Carding year in the following periods:

- April/May
- July/August
- November/December as part of a consideration for an application for the following Carding year

Swim Ireland Performance has a responsibility to ensure that funding received via the Sport Ireland International Carding Scheme is invested into athletes at a level which matches and supports the athlete's Olympic potential and their potential to make a positive contribution to the Swim Ireland Performance Mission – "to provide a people centred Irish environment that empowers ownership of all that it takes to enable a lifetime best performance – when it matters"

It is recognised by both Sport Ireland and Swim Ireland that the DPE is the primary essential factor which will facilitate or thwart an athlete in their quest to reach their full Performance potential. It is also recognised that athletes who are in offshore DPE's are residing in programmes where the key focus and attention is not necessarily directed to and/or driven by that of Irish international success. By implication, it is recognised that an athlete's current and/or future DPE has to be considered as part of an application process

#### **Prior to Application**

During the immediately preceding season, and other than in exceptional circumstances which have been ratified by the National Performance Director, the athlete will have:

- Complied with the statements and cultural expectations of the Swim Ireland Ethical Framework and the 'On This Performance Team' booklet;
- Made themselves available for all National Team Trial events;
- Other than for those residing in DPE's outside of Europe, accepted their position on and fulfilled the requirements of the National Squad programme;
- Represented Ireland via a National Team when selected;
- Completed all necessary administrative requirements for the year;
- Signed up to the Swim Ireland Athlete Charter, with a clear ethical commitment to the Sport Ireland Anti-Doping procedures and protocols;
- Fulfilled all athlete specific requirements within the Sport Ireland International Carding Scheme Athlete Agreement extant at the commencement of the Carding year in question;
- Formally declared an intent to continue at a Performance level within the sport, a level which is considered to be both full and committed, with a targeted approach towards further progress and performance improvement

#### **On Application**

Other than in exceptional circumstances which have been ratified by the National Performance Director, the athlete will be:

- A registered Swim Ireland member for the season extant at that time;
- Be in good standing with Swim Ireland;
- Be available to fulfil all of the Irish National Team obligations;

**All criteria is based on Olympic / Paralympic disciplines only unless otherwise stated**

- Formally declared an intent to be fully engaged in the Performance programme/National Squad programme from the commencement of the season;
- Not be the subject of an anti-doping ban and/or a pending doping violation

Prior to application for funding via the International Carding Scheme, the National Performance Director will assess each potential athlete who meets one of the nomination criteria in Section A or Section B in the following three key areas:

- 1. Performance progression in their primary Olympic event/s over the course of the current and immediately prior season in the agreed National Team Trials and the agreed and identified summer benchmark international meet, utilising the 'On Track Dashboard' as part of this process**
- 2. Performance progression in their primary Olympic event/s over the course of the previous and current Olympic cycle in the annually agreed National Team Trials and the annually agreed and identified summer benchmark international meets, utilising the 'On Track Dashboard' as part of this process**
- 3. The formally assessed 'fit for purpose' nature of the selected DPE**

These factors will be assessed in each individual case and through this process, each athlete will be categorised into one of three distinct groups:

**Category 1 - On Track**

Athletes who meet criteria in Section A or Section B and are deemed by the National Performance Director to be making sufficient and agreed Performance progression as per Points 1 and 2 above will be considered to be residing in a fit for purpose DPE and will be eligible for an application to be made on their behalf

Carded athletes who are On Track will be re-assessed in that year in relation to their Performance progression in their primary Olympic event/s in the agreed National Team Trials and the identified and agreed summer benchmark international meet. Any necessary adjustments to monthly Carding payments and/or requirements that the DPE must be considered for Carding payments to be continued will be made according to these performances

Athletes who choose to relocate their DPE at the commencement of or within the Carding year to one that is viewed by the National Performance Director as being detrimental to their performance development will no longer be eligible for an application to be made on their behalf and/or Swim Ireland will cease or suspend Carding Award payments until the matter is resolved by the athlete to the satisfaction of the National Performance Director

Swim Ireland Performance may elect to hold International Carding Scheme funding received on behalf of athletes who are residing in NCAA programmes as their chosen DPE. In such circumstances, applications to access such funding will only be available to such athletes on an agreed draw-down basis supported by receipts/invoices explicitly linked to Performance related requirements

**Category 2 - Off Track & Full Time Member of a Swim Ireland National Centre**

Athletes who meet criteria in Section A or Section B but are deemed by the National Performance Director to be making insufficient Performance progression or regression as per Points 1 and 2 above will, in the first instance be ineligible for an application to be made on their behalf at that time. Such athletes will be informed of this assessment by the National Performance Director in Q3 of the preceding season prior to application and athletes will be provided with an opportunity to discuss and address the reasons for this

**All criteria is based on Olympic / Paralympic disciplines only unless otherwise stated**

It is recognised that athletes who reside in a Swim Ireland National Centre are in the best possible fit for purpose DPE that Ireland can provide and, as such, they continue to be in a position to reach their full potential and support the Swim Ireland Performance Mission, even if they become Off Track

Once the National Performance Director considers such an Off Track athlete to have satisfactorily addressed their Performance-related issues and agreed an action plan for the season ahead with agreed review points (which may also require the athlete to relocate from one National Centre to another on or prior to 1st October in the preceding year), they will become eligible for an application to be made on their behalf

Athletes who choose to relocate their DPE at the commencement of or within the Carding year to one that is viewed by the National Performance Director as being detrimental to their performance development will no longer be eligible for an application to be made on their behalf and/or Swim Ireland will cease or suspend Carding Award payments until the matter is resolved by the athlete to the satisfaction of the National Performance Director

Carded athletes who are Off Track will be re-assessed in that year in relation to their Performance progression in their primary Olympic event/s in the agreed National Team Trials and the identified and agreed summer benchmark international meet. Any necessary adjustments to monthly Carding payments will be made according to these performances

**Category 3 - Off Track**

Athletes who meet criteria in Section A or Section B who are not full time athletes in a Swim Ireland National Centre but are deemed by the National Performance Director to be making insufficient Performance progress or regression as per Points 1 and 2 above will, in the first instance be ineligible for an application to be made of their behalf at that time. Such athletes will be informed of this assessment by the National Performance Director in Q3 of the preceding season prior to application and will be provided with an opportunity to discuss and address the reasons for this, which will include an opportunity to discuss and decide upon a change in DPE to help address the Off Track issues. Carding investment will be conditional upon an athlete relocating to a DPE advised by the National Performance Director and such relocations will have occurred on or prior to 1st October in the preceding year

Once an Off Track athlete is considered to have addressed their Performance issues and agreed an action plan for the season ahead and is considered to have relocated to a fit for purpose DPE, they will become eligible for an application to be made on their behalf

Carded athletes who are Off Track will be re-assessed in that year in relation to their Performance progression in their primary Olympic event/s in the agreed National Team Trials and the identified and agreed summer benchmark international meet. Any necessary adjustments to monthly Carding payments will be made according to these performances

All criteria is based on Olympic / Paralympic disciplines only unless otherwise stated
