## International Carding Scheme Guidance Note

The International Carding Scheme is an integral part of Ireland's High Performance System. Since 1999, the International Carding Scheme has provided financial support to athletes for their training and competition programmes. The primary purpose of this funding is to support Irish athletes in reaching finals and achieving medals at European, World, Olympic and Paralympic level.

Sport Ireland continues to review the Scheme to ensure it remains fit for purpose and a world-class offering for Irish athletes. Throughout the Paris Cycle, Sport Ireland has introduced several advancements, including increased award levels, multi-annual funding, financial supports under the Athlete Career Transition Programme, and funding equality across para-athletes and pilots/guides.

Ahead of the LA Cycle (2025-2028) Sport Ireland, alongside the National Governing Bodies (NGB), have reviewed and updated the International Carding Scheme Criteria. The updated criteria reflects the progress of NGBs' High Performance Programmes and continued improved performances. Sport Ireland remains committed to supporting senior athletes at a level that is appropriate for their stage of development, and in a manner that enables them to continue to progress.

The role of the NGB in the decision-making process to award Carding should be understood by athletes and coaches. Sport Ireland will only consider applicants where there is NGB endorsement. NGB/Performance Director endorsement is a key factor in the decision-making process and Sport Ireland places a high value on the expertise of the Performance Director. The achievement of criteria is a key factor when awarding Carding, however it is not the only area considered by Sport Ireland. The Carding Guidelines ([available on the Sport Ireland website](#)) should be read in conjunction with this document.

**In 2027, Carding will be awarded as a two-year Scheme. Athletes who achieve criteria in 2026 will secure funding for 2027 and 2028, pending endorsement from the NGB's Performance Director and other associated conditions. Athletes will be supported to focus on qualification and performance at the LA Games in 2028. The Scheme will remain open to new entrants in 2028. New entrants in 2028 will receive a one-year award.**

**Athletes in receipt of an award should understand the purpose of the Carding Scheme and their responsibilities whilst in receipt of funding. All athletes in receipt of an award must have valid tax clearance and are responsible for their own tax affairs. Athletes are not employees of Sport Ireland under this Scheme. Please refer to the Guideline document linked above for further information.**

**Notes:**

- Athletics Ireland has developed a performance standard matrix which details performance standards indicative of performance level required for an international, World Class or Podium Championship performance. Performances at major championships are the primary criteria. In the absence of the championship performance as outlined in the above table, Athletics Ireland's Performance Director can apply for funding for the athletes that achieve the required performance standards which can be considered on a case by case basis by Sport Ireland's Carding Committee.
  - Podium Standard x 2
  - World Class Standard x 2
  - International Standard x 2
- Further details of the performance standards can be found on the Athletics Ireland website:  
<https://www.athleticsireland.ie/high-performance/carding>
- Athletes to be considered for the Scheme must have signed an AI Athlete Agreement

#### Notes:

- Olympic Quota positions (for carding purposes) applicable to 2028
- Funding will only be awarded to one crew per Olympic/Paralympic boat class. Should different crew combinations achieve Carding criteria, the Performance Director will nominate the priority athletes for Carding support. The achievement of Criteria does not guarantee funding, particularly where the number of athletes exceeds the number of crew places in an Olympic/Paralympic boat class. Carding support may be allocated to additional athletes; however, this will be limited to two additional athletes, and may be at a lower amount than the maximum funding indicated for each level.
- Athletes who achieve criteria which relate to an Under 23 international performance will be considered on a case by case basis only. A lower amount than the maximum funding available may be awarded. Under 23 and pathway athletes should be primarily supported by the NGB.

**Notes:**

- Athletes must be eligible to represent Ireland as per ‘World Aquatics Competition Regulation No.3 - Sport Nationality’.
- Athletes must fulfil one of the International Carding Scheme Criteria
- Utilising the OnTrack Database, and in relation to an athlete’s primary Olympic event/s only, athlete nominations will be considered each year in relation to their age profile and their performance trajectory/potential for the 2028 Olympic Games
- The Nomination Criteria has to be considered in conjunction with Swim Ireland’s own [Review & Approval Process for Swimming & Diving](#)
- In the absence of a Championship performance as outlined above, the National Performance Director may apply for Relay Programme Funding where a time/s achieved from an accumulation of individual performances at the agreed benchmark meet would have been equivalent to or better than the Performance required to achieve the above criteria. This will be considered on a case-by-case basis by Sport Ireland’s Carding Committee.

#### Notes:

- \*Due to inconsistency of WPA major championships taking place and the effect on athlete participation both the 2025 and 2026 end-of-year World Rankings will be taken into account when setting the 2027 performance standards, with the highest performances from either year used as the baseline.
- Para-Athletics carding criteria is made up of three stages where athletes must fulfil criteria in each of the stages to be considered for a carding award. These are:
  - 1) Performance Standards and ranking (see above).
  - 2) Performance potential.
  - 3) Performance consistency.

- Details relating to points 2) and 3) above can be found in the Para Athletics Panel Selection Policy on the [Paralympics Ireland website](#) and updates are posted here (online document updated at the end of October or after a major championships, if later than this).
- Only athlete performances in events listed on the LA 2028 programme can be considered for qualifying for the 2027 Sport Ireland International Carding Scheme.
- A minimum of 12 athletes in LA 2028 events must be on the World Rankings
- World Para Athletics World Championships refers to the outdoor edition of the Championships.

#### Notes

- To proceed with a carding application, the athlete must:
  - Meet all eligibility requirements outlined above, and notes listed below.
  - Meet the standards of the ‘Cycling Ireland Endorsement and Review of International Carding’ policy published in the High-Performance section of the Cycling Ireland website, under ‘selection’.
- All criteria relate strictly to Paralympic disciplines only.
- Minimum field size of at least 8 competitors applies to all events above; performances recorded within fields of less than 8 will be reviewed on a case-by-case basis. See 7) below.
- As per Road Time Trial (TT) Matrix & Track Matrix, select categories will be treated on a case-by-case basis due to historically low field sizes and low predictive ability. These are MH1-2, WH1-2, WT1-2, and WC1. See 7) below.
- A technical appendix document is available on request as to the mechanisms behind the generation of appendices 1) & 2), below. Contact [hpadmin@cyclingireland.ie](mailto:hpadmin@cyclingireland.ie) for more information.

- In the event of non-attendance of a World Championship event by the team, or event cancellation, equivalent international standard performances in the same Paralympic disciplines will be considered, considering wherever possible, all environmental and external factors affecting performances.
- For certain international events, factors outside the athlete’s control, (e.g. field size, quality of field) may influence meeting criteria. In conjunction with Cycling Ireland’s Endorsement Policy, Cycling Ireland retain the right to review the standard of competition at any event, the potential medal competitiveness and an athlete’s trajectory prior to endorsing an application to Sport Ireland.

#### Notes:

- Sport Ireland included Para Triathlon as an eligible sport under the International Carding Scheme for the first time for the allocation of funding in 2025. As such, the above criteria is published on a trial basis only and should be considered as provisional criteria. Sport Ireland reserves the right to adjust this criteria in consultation with Triathlon Ireland. Athletes who have achieved any of the standards outlined in this criteria are not guaranteed funding for 2027. Criteria should be read in conjunction with the “Assessment Process” outlined in the International Carding Scheme Guidelines document (Page 10).
- For Sport Ireland to consider applications, Performance Director endorsement, which is supported by a performance validation specific to each individual athlete is required.
- Criteria is strictly Paralympic Games classes only.
