The Country Code for Walkers

While out walking in the Irish countryside remember you are walking in areas where people live and work. We also share the countryside with much wildlife. The following are a number of important recommendations to abide by when out walking:

- Respect the people who live and work in the Irish countryside. Respect private property, farmland and all rural environments. Do not interfere with livestock, machinery and crops.
- Respect and, where possible protect all wildlife, plants and trees.
- When walking, use the approved routes and keep as closely as possible to them.
- Leave all gates as you find them and do not interfere with or damage any gates, fences, walls or hedges.
- Guard against all risks of fire, especially near forests.
- Always keep children closely supervised while on a walk.
- Take all litter home - leaving only footprints behind.
- Minimise impact on fragile vegetation and soft ground.
- Take heed of warning signs - they are there for your protection.
